Mechanical floor scale

Clinica

The ADE M308800 mechanical bathroom scales combine classic design with long-lasting reliability – all without the need for batteries. The non-slip platform offers a secure footing, and the non-slip feet ensure additional stability on various floor surfaces. The zero point can be manually adjusted to ensure accurate readings over the long term. Measurement range from 0 to 160 kg with 500 g increments. Ready for immediate use, low maintenance.

Images

Functions

- Slip-resistant weighing surface
- Manual zeroing
- Non-slip feet

Technical data

Operation	**Step-on, Adjustment Wheel**
Display - Signal Type	**Analogue**
Display - Width	**185 mm**
Display - Height	**185 mm**
Display - Backlight	**No**
Selectable Units	**kg**
Weight Unit - Measuring Range	**0 – 160 kg**
Weight Unit - Read-out accuracy	**500 g**
Weight Unit - Accuracy	**± 1 kg**

Logistics data

Product ready to use

Length	**32.5 cm**
Width	**48 cm**
Height	**11 cm**
Weight	**3.6 kg**
Item EAN	**4260186691058**
Units per pallet	**44**

Product ready for dispatch

Length	**36.6 cm**
Width	**53.8 cm**
Height	**14.6 cm**
Weight	**4.1 kg**
Ready-to-ship packaging	×

Packaging unit
