Data sheet — KG2605-1

Double waffle maker

The ADE double waffle maker KG2605 is designed for baking two classic heart-shaped waffles at the same time. An adjustable thermostat enables precise temperature control, while the high-quality non-stick coating supports even baking results and easy cleaning. A heat-insulated handle, non-slip feet and integrated overheat protection ensure safe and comfortable operation for consistent waffle preparation.

Functions

The listed functions describe the special features and advantages of the product that distinguish it from other products and highlight its benefits for the user.

- Bakes two waffles simultaneously
- Adjustable thermostat
- High-quality non-stick coating
- Cool-touch handle
- Temperature indicator light
- Non-slip feet with cable storage
- Overheating protection

Attributes

The attributes specify the technical specifications of the product and provide detailed information about its features and performance data.

Area of Application	Indoor
Operation	Temperature Controller
Footprint Area - Width	23 cm
Footprint Area - Length	32 cm
Foot Type	Rubber Feet
Has Care Instructions - Available	✓
Has Warning Notice - Available	✓
Power Supply - Rated Output	1,200 W
Power Supply - Plug Type	Type F 2-Pin German and Spain
Power Supply - Power Source	AC
Power Supply - Voltage	220 – 240 V
Power Supply - Frequency	50 – 60 Hz
Recommended Area of Application	Food
Suitable Food Types	Dough
Surface	powder-coated
Plates - Plate type	Classic heart-shaped waffle

Materials

The material section provides information about the materials used and, where applicable, their proportions.

Housing	Bakelite Plastic
Plates	Aluminium
